

AGFEO Headset 2200 - Doubles the Fun When Making Calls

- Elegant design
- Light – for improved comfort
- High sound quality – noise cancelling microphone as standard

The ultimate experience for headset wearers. It is so comfortable that you might forget that you are wearing it, so be warned and don't trip over the cable.

The AGFEO Headset 2200 fulfils the most important requirements of the modern office workplace. This new model in an elegant blue design is setting new standards.

The flexible microphone boom is fitted with a noise cancelling microphone as standard. Background noise is reduced to a minimum so that you are clearly understood. The lightweight design and leatherette ear cushion guarantee lasting comfort throughout the day.

Ready to use on all AGFEO System Phones with Headset connection.

TELEPHONES and ACCESSORIES

AGFEO Headset 2100 - Your Individual Headset

- Ultralight – Guarantees lasting comfort throughout the day.
- 3-in-1 Design – Design your own individual headset
